* 4P1 Employment is based on student matches with Virginia Employment Commission (VEC) records. Beginning with the 2013-14 academic year, employment is also based on student matches with the Wage Record Interchange System 2 (WRIS2), which provides unemployment insurance wage records from 39 states. Data from the VEC and WRIS2 do not include self-employment, employment with the federal government/military, or employment in states that do not participate in WRIS2. Therefore, verifiable rates tend to be lower in areas with military bases or large federal employers.
