File: Trends in Retention of Fall First-Time in College Students by Program - 062921.xlsx. Source: RADS AREC file, SIS query If\_academic\_plans.

Notes: Based on first semester's academic plan, attendance, and any previous dual enrollment at LFCC. VCCS definition of FTIC for matriculation after dual enrollment.

Some programs such as the AAS Nursing do not admit FTIC students into the program. Therefore, these calculations are not indicative of overall retention, which includes returning students.

Retention includes graduates. However, since 2020-21 graduates data are incomplete, the fall 2020 cohort does not include graduates in its retention calculations.
